

Hi everyone,

First of all huge congratulations to our team that won the Interclub Fly Tying Trophy for the fourth consecutive year. If you check the scores they speak for themselves. Young Lucas overcame his nerves to take top place in the novice category - a great result.

The senior team members lifted their game this year because all the flies produced by the three teams were made to a higher standard than in the past. The winning team score of 90 points out of a possible 120 was most impressive. Our thanks to judge Braeden de Lange who assessed the flies and of course the delicious supper provided by our club.

This fly tying meeting will be the last for this year and we will meet again in February.

Our meeting is on Wednesday 26 November, usual time and place.

This month we will tie a Catskill Style Dry Fly. These are popular in North America but work well wherever Mayflies are found.

Watch the video clip by Davie McPhail and practice at home before the meeting.

There won't be a Bound Shield challenge this month but we would like you to tie a fly for the Xmas tree. This should be in size 6 to size 12 (your choice) and should be sparkly enough to attract a Christmas trout.
